

LIFE MEMBERS

A new class of membership was created in June of 1971, to be known as Life Membership. Five hundred memberships were offered to TCA members at one hundred dollars each. Funds from these memberships were offered to form a stepping-stone toward the creation of a permanent National Headquarters. The National Headquarters and Museum were dedicated on April 14, 1977. To honor these members whose faith in the organization was realized that date, their names are published here, and shall be so published for as long as this Association shall exist. **Life Memberships are no longer available.**
